18. Course Coordinator

Name: Faten Obeidat, PhD, MSc (104489)

Contact hours: Sunday, Tuesday, and Thursday 12:30-1:30 pm

Office number: 523

Email: faten.obeidat@ju.edu.jo

Name: Sarah Al-Hanbali PhD, MSc

Office number: —

Phone number:

Email: s.AlHanbali@ju.edu.jo

Contact hours:

19. Other Instructors

None

20. Course Description

As stated in the approved study plan.

This course aims to provide students with training to practice evaluation, diagnosis and treatment of individuals with hearing impairments under direct supervision of the audiologist. Participation in department discussions and activities will be expected.

21. Program Learning Outcomes**Program Learning Outcomes Descriptors (PLOD)**

PLO	National Qualification Framework Descriptors*		
	Knowledge (A)	Skills (B)	Competency (C)
Develop and integrate knowledge from foundational courses, including basic sciences, medical sciences, and research methods to reflect on rehabilitation sciences practice.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Demonstrate knowledge of the role of audiologists and speech therapists in working with patients with communication and hearing disorders.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Demonstrate knowledge of the basic principles and methods of prevention, assessment, and intervention for individuals with communication and hearing disorders	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Apply and integrate evidence-based clinical skills (diagnosis, assessment, and intervention) in working with individuals with communication and hearing disorders.	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Compose effective oral and written communication for clinical and professional purposes including the use of information technology resources.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

Operate within interprofessional teams of healthcare providers, clients, communities, and organizations in traditional and emerging practices and illustrate the qualities of lifelong learner.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Apply leadership and management skills to advance Jordan and the global community scientifically, socially, and technologically in rehabilitation sciences.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Generate scientific research that advances rehabilitation practices locally and globally.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Analyze the needs of clients and develop comprehensive individualized rehabilitation plans and apply ethical principles to promote inclusion, participation, safety, and wellbeing for all clients.	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

*Choose only on descriptor for each PLO; either knowledge, or skills, or competencies.

22. Course Learning Outcomes: By the end of this course, the student is expected to achieve the following Learning outcomes:

1. Apply appropriate infection control procedures in routine patient care
2. Follow protocols established for conducting audiologic assessment and report writing
3. Use instrumentations according to manufacturer's specification and recommendation and to determine whether instrumentation is in calibration according to the accepted standards
4. Assess individuals with suspected disorders of hearing and communication
5. Evaluate information from appropriate sources and obtain a satisfactory case history
6. To perform Otoscopy for appropriate audiological assessment/management decisions, determine the need for cerumen removal, and providing a basis for medical referral
7. Demonstrates ability to use audiologic test equipment for advanced audiological procedures
8. Conduct and interpret behavioral and electrophysiologic methods to assess hearing thresholds and auditory neural function in a timely manner with good reliability
9. Conduct and interpret otoacoustic emissions and acoustic immittance
10. Administers and interprets basic and advanced clinic procedures accurately with minimal guidance
11. Prepare a report, including interpreting data, summarizing findings, generating recommendations, and developing an audiological treatment/management plan
12. Demonstrates knowledge of professional issues in Audiology, through various written and oral activities.

Matrix of Course Learning Outcomes according to National Qualification Framework Descriptors

CLO Number	Knowledge		Skills				Competencies
	Remember	Understand	Apply	Analyze	Evaluate	Create	
1	X						
2		X					
3	X						
4					X		
5					X		
6							X
7							X

23. Topic Outline and Schedule:

Week	Lecture	Topic	Student Learning Outcome	Learning Methods (Face to Face/Blended / Fully Online)	Platform	Synchronous / Asynchronous Lecturing	Evaluation Methods	Resources
1	1	Meeting and orientation	NA	NA	NA	Synchronous	NA	NA
2	2.1	Practical clinical training: Case history, otoscopic examination, immittance measurements, and report writing	1-12	Face to face	Moodle	Synchronous	Practical examination/ assignments	Assigned readings
	2.2	Hearing aids		Online	Teams	Asynchronous		
3	3	Practical clinical training: Daily calibration, troubleshooting, case studies, and report writing	2, 3, 7, 11	Face to face	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings
	3.2	Introduction to OAEs		Online	Teams	Asynchronous		
4	4	Practical clinical training: Otoacoustic emission measurement, interpretation, and report writing	1-12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings
	4.2	ABR testing		Online	Teams	Asynchronous		
5	5	Practical clinical training: Auditory brainstem response	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings
6	6	Midterm exam		Face to Face	NA	Synchronous	Practical examination/ assignments	Assigned readings
7	7	Practical clinical training: Early detection and monitoring of ototoxicity and noise-induced hearing loss (measurements, interpretation, and report writing)	1, 2, 3, 4, 7, 8, 9, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings

8	8	Practical clinical training: Auditory brainstem response	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings	
9	9	Introduction to ASSR		Online	Teams	Asynchronous			
	9.1	Practical clinical training: ASSR measurement, interpretation, and report writing	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings	
10	10	Practical clinical training: ASSR measurement, interpretation, and report writing	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings	
11	11	Pediatric testing	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings	
	11.1	Practical clinical training: VRA and play audiometry	1, 2, 3, 4, 7, 8, 10, 11, 12	Blended	Moodle/ Teams	Synchronous	Practical examination/ assignments	Assigned readings	
12	12.1	Recap and Counseling							
				Online	Teams	Asynchronous			
13	13	Final exam		Blended	Face to Face	Synchronous	Practical examination/ assignments	Assigned readings	

25. Evaluation Methods:

Course Evaluation Plan										
Evaluation Activity	Mark*	Course Learning Outcomes								
		1	2	3	4	5	6	7	8	9
First Exam (mid exam)	30	X	X	X	X	X	X	X		
Second Exam	---

Interviews	---									
Conferences	---									

	Hospital visits	15	X	X	X	X	X	X	X	X	X
	Any other evaluation activities approved by the faculty committee	---									
Total Marks (100%)		100									

* According to the instructions for granting a bachelor's degree

ju.edu.jo القوانين والأنظمة والتعليمات :: الجامعة الأردنية

**According to the instructions of organizing semester work, tests, examinations, and grades for the bachelor's degree.

Mid-term exam descriptions table*

CLO no.	CLO Weight	Total no. of questions	Total exam mark	No. of questions per CLO	No. of questions/ cognitive level					
					Remember 30%	Understanding 20%	Applying 20%	Analyze 10%	Evaluate 10%	Create 10%

* A table of descriptions is added in the case of courses that require a second exam.

Final exam descriptions table

CLO no.	CLO Weight	Total no. of questions	Total exam mark	No. of questions per CLO	No. of questions/ cognitive level					
					Remember 30%	Understanding 20%	Applying 20%	Analyze 10%	Evaluate 10%	Create 10%

26. Course Requirements

(e.g.: students should have a computer, internet connection, webcam, account on a specific software/platform...etc.):

Equipments that will be used:

- Computer

Websites that will be used for readings:

- The University of Jordan website (E-Learning).

Note:

Please make sure to check the E- Learning website a day before the lecture, download and print the worksheets or the reading material uploaded for the session.

27. Course Policy

A- Attendance policies:

- Attendance will be taken periodically throughout the semester.
- Students are expected to attend and actively participate in all classes.
- Students are expected to be on time.
- When the student is unable to attend class, it is a courtesy to notify the instructor in advance using either e-mail or phone.
- Repeated tardiness or leaving early will not be accepted.
- Students who miss class (or any portion of class) are responsible for the content. Any student who misses a class has the responsibility for obtaining copies of notes, handouts, assignments, etc. from class members who were present. If additional assistance is still necessary, an appointment should be scheduled with the instructor. Class time is not to be used to go over material with students who missed class (es).
- An absence of more than 15% of all the number of classes, which is equivalent of **(2) classes**, requires that the student provides an official excuse to the instructor and the dean.
- If the excuse was accepted the student is required to withdraw from the module.
- If the excuse was rejected the student will fail the module and mark of zero will be assigned as suggested by the laws and regulations of the University of Jordan. Please refer to pages 133, 134 of the student handbook.

B- Absences from exams and submitting assignments on time:

- The instructor will not do any make-up exams.
- Exceptions for make-up exams and late submission of class assignments will be made on a case-by-case basis for true personal emergencies that are described as accepted by the regulations of UJ (e.g., documented medical, personal, or family emergency).
- Make-up exams will be arranged if justifications for missing the exam satisfy the above. It is the student's responsibility to contact the instructor within 24 hours of the original exam to schedule a make-up session. A make-up exam should be taken within a week from the original exam date, unless the student can provide documentation that makes meeting that deadline impossible; otherwise, the recorded score for that exam for the student will be a zero.
- Late assignments will not be accepted and submission of assignments (due to unjustified absence from class) by other students will not be accepted regardless of how much work the student put into its preparation.

C- Health and safety procedures:

- **Students will not be in direct contact with patients during this course.**
- **Students are not expected to use any heavy tools or equipment that might impose health and safety issues during this course.**
- Students should work safely, including being able to select appropriate hazard control and risk management, reduction or elimination techniques in a safe manner in accordance with health and safety legislation.
- Students should understand the importance of and be able to maintain confidentiality.
- Students should understand the importance of and be able to obtain informed consent.
- Students should know the limits of their practice and when to seek advice or refer to another professional

D- Honesty policy regarding cheating, plagiarism, misbehavior:

- Students are expected to observe all University guidelines pertaining to academic misconduct.
- Any work submitted by a student for academic credit must be the student's own work. Submission of work taken directly from another source (e.g., book, journal, internet, clinic forms, or another student work) will be considered plagiarism and the student/group will get a zero grade for that work if part of an assignment. In addition, if copying occurred, both the student who copied the work and the student who gave material to be copied (if applicable) will receive a zero for the assignment.

- Students are expected to do work required for assignments on their own. Asking other instructors at the JU clinic or the staff, or other students to assist in or do any part of the assignment for them will negatively affect their grade on that assignment. The course instructor is the person the student needs to talk to if s/he has any difficulties pertaining to an assignment or project and is strongly encouraged to schedule an appointment with the instructor if such difficulties arise during the semester.
- Course materials prepared by the instructor, together with the content of all lectures and review sessions presented by the instructor are the property of the instructor. Video and audio recording of lectures and review sessions without the consent of the instructor is prohibited.
- Any forms of academic misconduct will be handled according to the University of Jordan guidelines.

E- Grading policy:

Grading for this course will be determined based upon the accumulation of points for variety of assignments and exams. All work will be evaluated on completeness, organization, clarity of information, and the integration and application of the material.

F- Available university services that support achievement in the course:

The University of Jordan provides many services to support social, health, and mental well-being of students in general and students with disabilities in specific. Students are advised to visit the Faculty of Students Affairs to learn more about those services. If you are a student with a disability for which you may request accommodations, please notify the staff of Services for Student with Disabilities (Faculty of Students Affairs) as soon as possible. Please also contact the instructor as soon as possible (email is acceptable) so the appropriate accommodations for this course can be made.

28. References

Required book (s), assigned reading and audio-visuals:

- A- Martin, Clark (2003). Introduction to Audiology 8th ed. Pearson education, Inc
- B- Katz, jack (2002). Handbook of clinical audiology.5th ed. Lippincott Williams and Wilkins, Philadelphia.
- C- Essential of audiology (2016), 4th edition, Theime.
- D- Brad A. Stach (2010) Clinical Audiology: An Introduction, 2nd edition
- E- BSA, British Society of Audiology recommended procedures.
- F- BSA, British Society of Audiology recommended procedures.

Recommended books, materials, and media:

Will be provided by the course website (Moodle)

29. Additional Information

Concerns or complaints should be expressed in the first instance to the module lecturer ; if no resolution is forthcoming , then the issue should be brought to the attention of the module coordination (for multiple sections) who will take the concerns to the module representative meeting . Thereafter, problems are dealt with by the Department Chair and if still unresolved the Dean and the ultimately the Vice President. For final complaints, there will be a committee to review grading the final exam.
